## Disznókő 1413 Tokaji Édes Szamorodni 2018

### Characteristics of the vintage

2018 is the hottest and earliest ripening vintage we know. The blossoming started on 14th May, the earliest date in Tokaj. The summer was hot and dry but without major heat waves. The maturity was 5 weeks ahead of the average of the last ten years. Despite the heat and the precocity, we were able to maintain the acidity in our grapes. It is a vintage of great quality for Aszú wines, as we could select extremely concentrated, very dried and shrivelled berries.

Careful selection of entirely botrytised clusters or part of clusters from the best sites of Disznókő vineyard between 12th October and 7th November.

### Tasting notes

Deep yellow-gold colour. Spicy, fruity nose with blood-orange, tangerine, honey and santal tree aromas. The palate is rich, mouthfilling and structured with some tannins in the finish. (February 2022)

### Grape varieties

93% Furmint, 7% Hárslevelű

### Vinification

The clusters were destemmed followed by a short skin contact before pressing. Most of the lots fermented in stainless steel vats, some of them in barrels of two-three wines.

### Maturing

The wine was aged for 12 months in the traditional underground cellar of Tokaj, in oak barrels of two-three wines, with a capacity of 225 litres.

Bottled in September 2021.

## Disznókó 1413 Tokaji Édes Szamorodni 2018

### Analysis

Alcohol: 13.1%  
Residual sugar: 153 g/l  
Total acidity: 7.05 g/l

### Serving

Outstanding aperitif. Perfect accompaniment to foie gras. Also excellent with sea-fish dishes made with creamy sauce and lemon, duck dishes with fruit, and not so sweet desserts, fruits and cheeses.

Ready to drink from the moment it is bottled. Thanks to the barrel ageing, it will develop in complexity during the next ten to fifteen years.

To enjoy to its fullest, serve cool (11-13°C). After opening, it can be kept in the fridge for two weeks.
